## Curriculum Vitae

### **Bio:**

I am a clinical bacteriologist and Faculty member of Microbiology Department at Ardabil University of Medical Sciences, Ardabil-Iran. I was Head of Microbiology Department at Kurdistan University of Medical Sciences, Sanandaj-Iran. I received my PhD in 2006 at Iran University of Medical Sciences, Tehran- Iran. During my PhD, I spent six months working on IS6110-RFLP, VNTR and Spoligotyping methods at London School of Hygiene & Tropical Medicine in 2005. In spent one year from September 2018 to September 2019, as visiting researcher in Molecular Microbiology Lab. During this time, I had the opportunity to learn and use several molecular microbiology and microbial genetic techniques as well as bioinformatics software's as follow:

- Bioinformatical tools and software: SnapGene, Sequencher, NEBcutter, WatCut, NetPrimer

## CV: Rashid Ramazanzadeh (Ph.D)

- Making isogenic knockout strains from *A. baumannii* K112 using Overlap extension PCR and Recombination
  - Construction of *qacA* mutants by Site-directed mutagenesis with Stratagene QuikChange method
    - SDS-PAGE and Western blotting

I published 100 articles in domestic and foreign journals. Additionally, I regularly attended in international congress In Iran and foreign countries.

First Name: Rashid  
Surname: Ramazanzadeh  
Marital status: Married  
Nationality: Iran  
Date of birth: May – 08 – 1972  
Place of birth: Tabriz, IRAN  
Current address: Cellular & Molecular Research Center and Microbiology Department, Faculty of Medicine, Kurdistan University of Medical Science, Pasharan Street, Post cod. 66177-13446, Sanandaj- Iran, phone: +989143104424, E-mail: [atrop\\_t51@yahoo.com](mailto:atrop_t51@yahoo.com) or [rashid@muk.ac.ir](mailto:rashid@muk.ac.ir)  
Faculty position: Professor in Medical Microbiology  
Kurdistan university of Medical Sciences  
Sanandaj, IRAN

### **Education:**

**HIGH School diploma:** Dekhoda High School Tabriz , IRAN  
Graduated in 1990  
**B.S. Degree in Microbiology:** Islamic Azad University, Karaj, IRAN  
Graduated in 1995  
**M.S. Degree in Medical Microbiology:** Tabriz University of Medical Science  
Tabriz, IRAN  
Graduated in 1998  
**sPh, D Degree in Medical Bacteriology:** 1<sup>st</sup> degree in entrance exam in 2000  
Iran University of medical Science  
Tehran, IRAN  
Graduated in 2005  
**Thesis Subject:** 1) The incidence of *cmaA2* gene in the Beijing and Non-beijing strains of *Mycobacterium tuberculosis* isolated from TB patient

## Experience

Head of Microbiology department  
2011- present  
Chair of Student Research committee  
2008-2011  
Chair of Cellular and Molecular research center  
2012-2016  
Auditor Board Member  
2017- present  
University Research Committee Member  
2006- 2017  
Faculty Research Committee Member  
2014- present  
University Nosocomial Infection Control Member  
2007- present  
Toohid Hospital Nosocomial Infection Control Member  
2006-2017  
Secretary of University Biological Committee  
2007-2015  
University Tuberculosis Committee Member  
2007-2017

## Teaching Experiences:

- Molecular epidemiology (Ph.D students)
- Medical bacteriology (Ph.D students)
- Molecular Bacterial Diagnosis (Graduate Student in Medical Microbiology)
- Systematic Bacteriology I (Graduate Student in Medical Microbiology)
- Systematic Bacteriology II (Graduate Student in Medical Microbiology)
- Cellular and Molecular Biology (Graduate Student in Medical Microbiology)
- Microbiology (Graduate Student in Medical Microbiology)
- Genetic of microorganisms (Graduate Student in Medical Microbiology)
- Molecular bacteriology (Graduate Student in Medical Microbiology)
- Host parasite relationship (Graduate Student in Medical Microbiology)
- Medical Microbiology (Graduate Student in Medical Microbiology)
- Medical Virology (Medical Students)
- Medical Virology Class ( Laboratory science, Nursing, Obstetrics, Anesthesiology, Health students and Operating Technicians)
- Microbiology Class ( Laboratory science, Nursing, Obstetrics, Anesthesiology, Health students and Operating Technicians)
- TB diagnosis ( Medicines, Technicians and other Health workers)
- ESBL for Medicines, Technicians and other Health workers)
- Bacteriology and Virology ( Health care Students)
- Water Microbiology ( Environmental Health Students)

## Academic Experience:

|   |                        |
|---|------------------------|
| <b>Professor</b><br>Kurdistan University of Medical Sciences, Sanandaj, Iran  | Jun 2016-present       |
| <b>Associate Professor</b><br>Kurdistan University of Medical Sciences, Sanandaj, Iran                                  | March 2012- Jun 2016   |
| <b>Assistant Professor</b><br>Kurdistan University of Medical Sciences, Sanandaj, Iran                                  | May 2006-Mrarch 2012   |
| <b>Visiting Scientist</b><br>London School of Hygiene and Tropical Medicine, London, UK                                 | Jan 2005-Jun 2005      |
| <b>Active Member of University Research Committee</b><br>Kurdistan University of Medical Sciences, Sanandaj, Iran       | May 2006-present       |
| <b>Chair, Dept of Medical Microbiology</b><br>Kurdistan University of Medical Sciences, Sanandaj, Iran                  | September 2011-present |
| <b>Chair, Molecular and Cellular Research Center</b><br>Kurdistan University of Medical Sciences, Sanandaj, Iran        | June 2012-peresent     |
| <b>Head of Student Research Committee</b><br>Kurdistan University of Medical Sciences, Sanandaj, Iran                   | April 2008 to 2012     |
| <b>Lecturer in Microbiology</b><br>Department of Microbiology, Kurdistan University of Medical Sciences, Sanandaj, Iran | 1999-2006              |

## Honors & Awards:

|   |             |
|---|-------------|
| <b>Scholarship to study for Ph.D.</b><br>University of Kurdistan Medical Sciences                                   | <b>2000</b> |
| <b>The Best Abstract Award</b><br>European Congress of Clinical Microbiology and. Infectious Diseases, Nice, France | <b>2006</b> |
| <b>Best Researcher Award</b><br>Kurdistan University of Medical Sciences, Iran                                      | <b>2008</b> |
| <b>Best Researcher Award</b><br>Kurdistan University of Medical Sciences, Iran                                      | <b>2009</b> |
| <b>Teaching Excellence Process Award,</b><br>Kurdistan University of Medical Sciences, Iran                         | <b>2013</b> |

## Research Interests:

As a scientist, I believe that the Control of infectious disease can help to improve health system. In this regards my team focus on molecular epidemiology and drug resistance and nosocomial infection.

## CV: Rashid Ramazanzadeh (Ph.D)

- I. Research on bacterial pathogenesis with Recombineering and overlap PCR methods
- II. Molecular epidemiology of tuberculosis
- III. Molecular epidemiology of ESBL producing bacteria
- IV. Molecular epidemiology of MRSA
- V. Molecular detection of new resistance genes
- VI. Identifying new drugs for biofilm eradication

Dendrimers. 6th International Congress of Laboratory and Clinical, 12-14 Feb 2014, Tehran-Iran

46- Babak Shahbazi, Rashid Ramazanzadeh, Pegah Shakib, Mohammad hosein Dareshir, Amin Hooshyar. Survey of toxicity of various generations of dendrimers on mesenchyme cells and AGS cells by MTT Method. 6th International Congress of Laboratory and Clinical, 12-14 Feb 2014, Tehran-Iran

47- Mohammad Hosein Dareshiri , Rashid Ramazanzadeh, Amin Hooshyar, Hamid lava Khamse, Babak Shahbazi, Amir Safari. Determination of the antibiotic resistance patterns in Gram-negative bacteria isolated from urine samples of patients referred to Sanandaj Toohid hospital in the fall season 1391 .6th International Congress of Laboratory and Clinical, 12-14 Feb 2014, Tehran-Iran

48- Rashid Ramezanzadeh, Atefeh Mousavi, Fariba Farhadifar, Reza Mirnejad, Omid Zarei. Prevalence of Mycoplasma hominis in infertile and fertile women in Sanandaj, Kurdistan, Iran .6th International Congress of Laboratory and Clinical, 12-14 Feb 2014, Tehran-Iran

49- Atefeh Mousavi1, Rashid Ramezanzadeh, Fariba Farhadifar, Reza Mirnejad4, Omid Zarei. Frequency of Ureaplasma urealyticum in cervical canal of infertile and fertile women in Sanandaj, Kurdistan, Iran. 6th International Congress of Laboratory and Clinical, 12-14 Feb 2014, Tehran-Iran

50- Atefeh Mousavi, Rashid Ramezanzadeh, Reza Mirnejad, OmidZarei, Fariba Farhadifar. Detection of Mycoplasma genitalium in infertile and fertile women by PCR in Sanandaj, Kurdistan, Iran. 6th International Congress of Laboratory and Clinical, 12-14 Feb 2014, Tehran-Iran

51- Rashid Ramazanzadeh, Noeman Ardalan. Risk factors associated with community-acquired CTX-M producing Klebsiella pneumonia in Sanandaj, iran. Anti Microbial Resistance congress. 28-30 may 2014. Sari-Iran.

**52- بررسی روش خود ارزیابی کویز برای درس رشید رمضانزاده ، مظاهر خدابنده لو - ۱۱-۹ . پانزدهمین همایش کشوری آموزش علوم پزشکی . میکروبیشناسی دانشجویان دندانپزشکی اردیبهشت. یزد- ایران**

53- Rashid Ramazanzadeh, Mehran Ahmadizad, Fatemeh Keshavarzi. Risk factors associated with community-acquired TEM producing Klebsiella pneumonia. 15 th International Iranian Congress of Microbiology. 26 - 28 August 2014, Tehran\_Iran.

54- Amjad Ahmadi, Mazaher KHODABANDEHLOO, Rashid RAMAZANZADEH, Fariba FARHADIFAR, Daem ROSHANI, Bahram NIKKHOO, Niloofar FARHANGI. Relationship of Chlamydia Trachomatis genital infection with Spontaneous Abortion in women. 15 th International Iranian Congress of Microbiology. 26 - 28 August 2014, Tehran\_Iran.

55- Masoumeh Khonsha, Rashid Ramazanzadeh, Mohamad Rastegar Khosravi, Hanar Narenji. Antimicrobial effect of clove and thyme oil and combinations on Biofilm producing *Enterococcus Faecalis*. 15 th International Iranian Congress of Microbiology. 26 - 28 August 2014, Tehran\_Iran.

56- Rashid Ramazanzadeh · Parasto Veise, , Zahra DailamiKhiababi, Bahare Derakhshi, Nour Amirmozafari. Molecular analysis of class I integron genes in clinical Staphylococcus isolates. International Conference on Antimicrobial Research. 1-3 October 2014, Madrid- Spain.

- 57- Bioterrorism. Kurdistan university of Medical Sciences. 8.8.93
- 58- Rashid Ramazanzadeh, Daem Roshani, Samaneh Roohi, Bahman Mohammadi. Prevalence of multi-drug resistance *Mycobacterium tuberculosis* in world population: Systematic review and meta-analysis. 1<sup>st</sup> Asian- African Congress of Mycobacteriology. 7-11 March 2015, Isfahan-Iran.
- 59- Rashid Ramazanzadeh, Hasan Hosainzadegan<sup>2</sup> Samaneh Rouhi: Determination of Extended Spectrum Beta-Lactamases Producing *Enterobacter* Spp. Isolated from Wound and Absceses, Sanandaj Hospitals, Kurdistan. Chronic Wound Congress. 28-29 May 2015, Sari-Iran
- 60- Rashid Ramazanzadeh, Mohammad Rastegar Khosrav<sup>2</sup>, and Masoumeh Khonsha,. Effect of Ciprofloxacin and Levofloxacin, Alone or in Combination with N-acetylcysteine on Biofilm-producing *Enterococcus faecalis* Contaminated Root Canals of Extracted Human Teeth. 3<sup>rd</sup> International Congress on Bacteriology and Infectious Diseases. August 4-6, 2015 Valencia, Spain
- 61- Rashid Ramazanzadeh. Survey of CTX-M extended-spectrum  $\beta$ -lactamase production by Gram-negative bacilli in clinical isolates of Sanandaj Hospitals. 10<sup>th</sup> International congress of clinical microbiology. September 27-29 Sanandaj-Iran.
- 62- Amjad Ahmadi, Rashid Ramazanzadeh, Koroush Sayehmiri, Fatemeh Sayehmiri. Survey of CTX-M extended-spectrum  $\beta$ -lactamase production by Gram-negative bacilli in clinical isolates of Sanandaj Hospitals. The 17<sup>th</sup> International and Iranian congress of microbiology. August 23-25 Tehran-Iran.
- 63- Rashid Ramazanzadeh, Sako Akhdar, Pervez Mohajeri. **Detection of classes 3 and 4 integrons in multi-drug resistant *E. coli* strains and genotypic characterization by Pulse Field Gel Electrophoresis in west of Iran.** The 18<sup>th</sup> International and Iranian congress of microbiology. August 23-25 Tehran-Iran.
- 64- Rashid Ramazanzadeh, Pegah Shakib, Samaneh Roohi, Bahman Mohammadi, Parviz Mohajeri, Soroush Borji. Molecular epidemiology of **Mycobacterium tuberculosis** isolates with Spoligotyping method. 3rd Asian African Congress of Mycobacteriology. 27-29 January 2021 in Iran (Webinar).

### Participated Congress:

- 1- First congress on gastrointestinal disease from clinical to laboratory. 17 -19 December, 2002, Tehran-Iran.
- 2- Second international medical student congress. 25-27 Jun, 2008. Mashad-Iran.
- 3- Third international medical student congress. 19-22 Jun, 2009. Tehran-Iran.
- 4- 13th Annual Research **Congress** of Iran's Medical Sciences Students. Babol, Iran, 9-12 October 2012
- 5- 1<sup>st</sup> Symposium on Aspergillus & Aspergillosis; Lab to Clinic. 1<sup>st</sup> November 2012, Tehran-Iran
- 6- 7<sup>th</sup> International Congress of Laboratory and Clinic (Infectious Disease) and The 1st Clinical Virology Conferences, 12 to 14 February 2015 in Tehran, Iran.

### Projects:

- 1- Study of extended spectrum beta-lactamase producing strains isolated from septicemia specimens with PCR in Toohid and Beasat Hospitals ICU
- 2- Study of antimicrobial effects of some highly functionalized 2-amino-4*H*-pyranes with Minimum inhibitory concentration (MIC) method
- 3- 2-A comparative research on Risk factor & epidemiological pattern and probable source of Brucellosis in villages with high & low incidence in Bijar and Sanandaj District 2006
- 4- Synthesis and discussion of antimicrobial activities of some dialkyl 2-hydroxy-1-alkyl-3-[2-oxo-2-phenylethylidene]-2-phenyl-1,2-dihydro-3*H*-pyrrole-4,5-dicarboxylate derivatives against selected Gram-positive and Gram-negative bacteria

- 5- Investigation of methicillin resistance Staphylococcus aureus isolated from oropharynx and nasopharynx swabs in hospitalized patients of intensive and infectious wards in Beesat and Toohid Hospitals . Sanandaj.1386
- 6- Risk factors associated with resistance to cefepime in clinical bacterial isolated from patients in Beasat Hospital, Sanandaj-Iran 1387
- 7- Identity and genetic diversity of bacteria belonging to the family *Enterobacteriaceae* causal agents of soft rot in Kurdistan province
- 8- Study of Prevention Meloxicam Effect on Gastric Cancer Induced by *H.pylori* in a Mouse Model
- 9- Risk Factors for acquisition of Imipenem –resistant *Enterobacteriaceae* isolated from patients in Toohid Hospital, Sanandaj-Iran 1388
- 10- Genetic diversity determination of *E. coli* strains isolated from patients sample in Sanandaj hospitals 2010
- 11- Designing and production a kit for detection FLU pandemic A/H1N1 2009 by multiplex real time RT-PCR
- 12- Risk factors associated with resistance in TEM gram –negative bacteria (*Enterobacteriaceae*) isolated from patients with PCR method in Sanandaj two general Hospitals -1388
- 13- Risk factors associated with resistance in SHV producing *E. coli* strains isolated from patients with PCR method in Sanandaj two general Hospitals -1388
- 14- Evaluation of fungal and bacterial contamination of raw and pasteurized milk in the city of Sanandaj (2011).
- 15- Determination of viral agents in the cerebrospinal fluid of patients suspicious of viral infections in the central nervous system by molecular method
- 16- **Antibacterial effect of aqueous and alcoholic extracts of *Artemisa aucheri* leaf and *Spirulina* blue-green algae on multidrug-resistant *Klebsiella pneumoniae* isolated from patient**
- 17-

## Workshops:

1. Lecturer. Endnote. 2006
2. Lecturer. Endnote. 2007
3. Lecturer. ESBL. 2008
4. Participant. Research in education. 2006
5. Participant. Life Style (stress management). 2007
6. Participant. Class management. 2008
7. Participant. Student consolation. 2008
8. Participant. Class management. 2008

9. Participant. Life Style. 2008
10. Participant. Life Style (time management). 2008
11. Participant. Life Style (relationship). 2008
12. Participant. Life Style (stress management). 2008
13. Participant. Education (student influence). 2008
14. Participant. Education (INLM). 2008
15. Participant. Education (Creativity). 2008
16. Participant. Research. 2009
17. Participant. Systematic review. 2009
18. Participant. Endnote. 2009
19. Lecturer. Endnote. 2009
20. Participant. Consultation principles. 2006
21. Lecturer. EDC. 2009
22. Participant. Integration in education. 2009
23. Participant. Stress management. 2008
24. Participant. Education development. 2009
25. Participant. Research in education 2006
26. Participant. Research1. 2005
27. Participant. Research2. 2005
28. Lecturer. Endnote. 2007
29. Participant. Education Course plan.
30. Participant. Education. Article writing
31. Participant. EDC
32. Participant. Education. Community based medical education. 2009
33. Participant. Education. Curriculum clinical based medical education. 2009
34. Participant. Education. Critical thinking. 2009
35. Participant. Education. Student assesment. 2009
36. Participant. Research. RCT. 2009
37. Participant. Research. Ten step. 2009
38. Participant. Research. Publisher. 2010
39. Participant. Research. Traditional Medicine. 2010
40. Participant. Education. Medical education. 2010
41. Participant. Education. Community Based Education. 2010
42. Participant. Medical Journalism. 2011
43. Participant. Meta analysis. 2011
44. Participant. Article writing. 2011
45. Participant. Lab animal 2011

46. Participant. management 2011
47. Lecturer. Bacterial stock 2011
48. Lecturer. ESBL 2011
49. Participant. Medical Journalism. 2012
50. Lecturer. Endnote 2012
51. Participant. Professionalism 2012
52. Participant. Bioinformatics 2012
53. Participant. Problem solving 2012
54. Participant. Tarhe marefat 2012
55. Participant. Quran and research site 2012
56. Participant. Teaching pattern 2012
57. Participant. Teaching patterns 2012
58. Participant. Meta-analysis 2012
59. Lecturer. Endnote 2012
60. Participant. Article writing. 2013
61. Participant. Endnote. 2013
62. Participant. Media strategy. 2013
63. Participant. hamandishi. 2013
64. Participant. ziyafat. 2013
65. Participant. Psychology. 2014
66. Participant. Professional morality. 2014
67. Participant. Self-promotion. 2015
68. Participant. Question design. 2015
69. Participant. Education..motahhari. 2015
70. Participant. Consultant. 2015
71. Participant. Talen immigration. 2015
72. Participant. daneshpajouhi. 2015
73. Participant. Council student. 2014
74. Lecturer. Endnote 2015
75. Participant. Education 2015
76. Participant. Question 2015
77. Participant. Knowledge translate 2015
78. Participant. Article review 2016
79. Participant. Innovation 2016
80. Participant. kermanshah 2016
81. Participant. Education 2016
82. Participant. Education 2016

- 99. Lecturer. Spoligotyping 2020
- 100. Participant. Project based learning 2022
- 101. Participant. Systematic review 2022
- 102. Participant. Meta analysis 2022

### **Book:**

- 1- Molecular epidemiology of tuberculosis in Iran

### **Research fellowship:**

Dr. Ruth Mcnerney, Lab. in London School of Hygiene and Tropical Medicine, for 6 months; 1<sup>st</sup> Jan until 30 June 2006.

Dr. Melissa Brown, Lab in Flinders University, for one year, Sep 2018 until Sep2019.

### **Supervising:**

- 1- Risk factors associated with resistance to cefepime in clinical bacterial isolated from patients in Beasat Hospital, Sanandaj- Iran 138
- 2- Synthesis and antimicrobial activity of fused 2- amino 4 H Pyrans from the reaction of 4 toluens sulfonyl methyl tsocianid

- and 1-3 carbonyl compound in the presence of acetilinic ester.(MSc thesis)
- 3- Identity and genetic diversity of bacteria belonging to the family *Enterobacteriaceae* causal agents of soft rot in Kurdistan province.(MSc thesis)
  - 4- Synthesis of isomeric E and ZN-vinylated sulfonamides with acetylenic esters and their antimicrobial activity .(MSc thesis)
  - 5- Risk factors associated with resistance to imipenem in clinical bacterial isolated from patients in Beasat Hospital, Sanandaj-Iran (medical thesis)
  - 6- Risk factors associated with resistance in CTX-M producing *E. coli* isolates
  - 7- Detection of metallo-beta-lactamase producing *Pseudomonas aeruginosa* strains from clinical specimens from Burn unit at Toohid hospital., Sanandaj-Iran (Msc thesis)
  - 8- Molecular Detection of Inducible Clindamycin Resistance Among Staphylococcal strains Isolated from Clinical Specimens and Typing by PCR (Msc thesis)
  - 9- Risk factors associated with metallo beta-lactamase producing Enterobacteriaceae isolates (Medical thesis)
  - 10- Detection of *Class I Integron* and *mecA* Genes in *Staphylococcus spp.* Typed by REP-PCR(Msc thesis)
  - 11- Risk factors associated with resistance in extended spectrum beta-lactamase SHV group producing gram –negative bacteria (Enterobacteriaceae) isolated from patients with PCR method in Sanandaj two general Hospitals -1388,1389 (medical thesis)
  - 12- Evaluation of virulence genes *eae*, *bfp*, *ipaH*, *cnf1* and *fimH* in *Escherichia coli* isolated from samples of colon cancer patients and healthy individuals (Msc thesis)
  - 13- Genomic evaluation of *staphylococcus aureus*, by spa typing (Msc thesis)
  - 14- Detection of community-acquired CTX-M producing klebsiella pneumonia and associated risk factor in sanandaj, iran. (Msc thesis)
  - 15- Molecular epidemiology of *Staphylococcus spp.* isolated from nosocomial infections and environmental specimens in Kurdistan University Hospitals (2011 to 2012). (Msc thesis)
  - 16- Detection of *community acquired TEM* producing *Klebsiella pneumonia* and associated risk factors in Sanandaj- Iran (2012 to 2014). (Msc thesis)
  - 17- Evaluation of carbapenem resistant incidence in klebsiella pneumonia species acquired from sanandaj community with Hodge test and PCR methods (medical thesis)
  - 18- Anti-bacterial effect of Alginate Dendrimer-nanocomposite and PAMAM G2, 3, 4, 5 on, salmonella; in vitro and, in vivo (Msc thesis)

- 19- Prevalence of pantone-valentine toxin genes and vancomycin resistance in *Staphylococcus aureus* isolated from clinical and environmental specimens in Kurdistan University Hospitals (Msc thesis)
- 20- Relationship of *Chlamydia Trachomatis*, *Mycoplasma hominis*, *Mycoplasma genitalium*, and *Mycoplasma urealyticum* genital infection with the Spontaneous Abortion (Msc thesis)
- 21- prevalence of *M. genitalium* , *M. hominis* and *U. urealyticum* infections in fertile and infertile women (Msc thesis)
- 22- Effect of antimicrobial agents on *Enterococcus faecalis* biofilm in dental intracanal, an in vitro study (Msc thesis)
- 23- Molecular detection of *Staphylococcus aureus* isolated from patients in Besat and Tohid hospitals by spa typing and determination of antibiotic resistance (Sanandaj, 2014) (Msc thesis)
- 24- Evaluation of Relationship between expression level of Mex XY gene and multidrug resistance in strains of *Pseudomonas aeruginosa* isolated from patients in Sanandaj hospitals (2014) (Msc thesis)
- 25- Frequency of classes 1 and 2 integrons in multi-drug resistant *E. coli* strains and genetic patterns determination by Pulse Field Gel Electrophoresis at educational hospitals of Kurdistan University of Medical Sciences (2013) (Msc thesis)
- 26- Microbial contamination of Kurdistan strawberry and check of Beta Lactamase genes TEM and SHV in *E.coli* isolates, by phenotypic and genotypic methods. (Msc thesis)
- 27- Frequency of Beta Lactamase Enzyme in Isolated gram negative Bacteria from Besat Hospital of sanandaj (medical thesis)
- 28- Frequency of classes 3 and 4 integrons in multi-drug resistant *E. coli* strains and genetic patterns determination by Pulse Field Gel Electrophoresis at educational hospitals of Kurdistan University of Medical Sciences (2013). (Msc thesis)
- 29- Detection of embB gene point mutations and its association with resistance to ethambutol in *Mycobacterium tuberculosis* isolates (Msc thesis)
- 30- Frequency of mutation to tetracycline and quinolone resistance in *ureaplasma urealyticum* (Msc thesis)
- 31- Assessment of micro leakage in teeth restored with casting post & core by using two different luting agent and two different chemical irrigators (Dental thesis)
- 32- The molecular epidemiology, antimicrobial resistance patterns and virulence factors of *Klebsiella pneumonia* isolated from patients with nosocomial infection referred to hospitals associated with Kurdistan University of Medical Sciences during 2015-2016 years (Ph.D by Research)

- 33- The molecular epidemiology and antimicrobial resistance patterns of *Pseudomonas aeruginosa* isolated from patients with nosocomial infection referred to hospitals associated with Kurdistan University of Medical Sciences during 2015-2016 years (Ph.D by Research)
- 34- The effect of probiotic *Enterococcus Durans* on growth inhibition and adhesion of clinical isolated streptococcus mutans (Dental thesis)
- 35- Prevalence of Methicillin-resistant *Staphylococcus aureus*, Metronidazol-resistant *Clostridium difficile*, Penicilline-resistant *Neisseria gonorrhoea*, Imipenem-resistant *Pseudomonas aeruginosa*, Ciprofloxacin-resistant *Shigella*, Ciprofloxacin-resistant *Klebsiella pneumonia*, Cefepim-resistant *Escherichia coli* in Iran: A Meta-Analysis (2007-2016) (Msc Epidemiology)
- 36- Evaluation the effect of farnrsol-chitosan as an intracanal irrigation on *Enterococcus faecalis* biofilm: an in-vitro study (Dental thesis)
- 37- Frequency of Beta Lactamase Enzyme in environmental gram negative Bacteria isolated from Besat Hospital of Sanandaj 2015 (medical thesis)
- 38- Association between human papillomavirus and prostat cancer in Sanandaj (Msc thesis)
- 39- Assessment of micro leakage in teeth restored with casting post & core by using two different luting agent and two different chemical irrigators (Dental thesis)
- 40- Prevalence of efflux pumps in tigecycline non-susceptible *Acinetobacter baumannii* isolates from Sanandaj medical centers during 2017 (Msc thesis)
- 41- Preventive effects of oral Administration of probiotic *Enterococcus durans* on CNS histopathological lesions, pro-inflammatory cytokines and oxidative stress level in experimental autoimmune encephalomyelitis (EAE) model in C57BL/6 mice (Ph.D Thesis)

## **SKILLS:**

I am familiar with the following techniques:  
Spoligotyping

Gene cloning  
Recombineering  
RFLP  
PCR  
VNTR (MIRU- Typing)  
Gel –Doc System, Gene Tools  
Computer networking  
Microsoft Power point  
Microsoft word  
Microsoft Excel  
SPSS  
End note
